remote | rɪ'meʊt |

adjective (**remoter**, **remotest**)

1 (of a place) situated far from the main centres of population; distant: *the area is remote from the usual tourist routes | a remote Welsh valley.*

- distant in time: *a golden age in the remote past.*
- having very little connection with or relationship to: *the theory seems rather intellectual and remote from everyday experience.*
- distantly related: *a remote cousin.*

2 conducted or working away from a usual workplace or location, making use of communications technology: *companies will understand that remote working can be helpful for employees | she said teachers deserved more credit for the success of remote learning | these jobs are largely virtual and may be open to remote workers from any location.*

- (of an electronic device) operating or operated at a distance by means of radio or infrared signals: *a second feature allows pagers to be alerted from remote alarm sensors.*
- Computing denoting a device that can only be accessed by means of a network. Compare with **local**.

3 (of a chance or possibility) unlikely to occur: *chances of a lasting peace became even more remote.*

4 aloof and unfriendly in manner: *she seemed remote and patronizing.*

noun

a remote control device: *universal remotes which let you operate all your audio/video components from one handset.*

ORIGIN

late Middle English (in the sense 'far apart'): from Latin **remotus** 'removed', past participle of **removere** (see **remove**).
